

Bulletin update 07/03/24 – Account codes

There has been a delay to the chart of accounts mapping dashboard. The FIP team are hoping to have this live soon and will update everyone as soon as it is available.

We are receiving a number of requests for visibility of codes; could I kindly ask that if you have an **URGENT** need for visibility of a code please direct this to the [financeproject@st-andrews.ac.uk](mailto:financeproject@st-andrews.ac.uk) so that we can manage requests accordingly. Otherwise, we would appreciate if you could hold off until the dashboard is available.
